PROFESSIONAL SUMMARY

Frontend Developer with 3+ years of experience specialising in React.js, TypeScript, and modern UI development. Proven track record of improving performance (30%+ faster load times) and building scalable, reusable components across Shopify and CMS-driven platforms like Sitecore XM Cloud and Optimizely. Strong in API integration (REST/GraphQL), performance optimisation, and delivering user-focused, high-quality web applications in Agile environments.

SKILLS

Languages	JavaScript (ES6+), TypeScript, HTML5, CSS3, SASS
Frameworks	React.js, Next.js, Redux, Shopify Polaris
Styling	Tailwind CSS, Bootstrap, Material UI
Backend/DB	Node.js, BullMQ, PostgreSQL
CMS	Sitecore XM Cloud, Optimizely (Episerver)
Tools	Git, Webpack, Vite, Docker, Postman, npm/yarn
APIs	REST, GraphQL, Together AI
Soft Skills	Agile/Scrum, Code Reviews, Cross-team Collaboration

PROFESSIONAL EXPERIENCE

Nishtech Digital India Private Limited

Associate Software Engineer | January 2023 – Present

- Developed and optimised high-performance React.js + TypeScript applications, improving page load times by over 30% using code splitting, lazy loading, and memoization techniques.
- Built scalable and reusable UI components using Shopify Polaris and Tailwind CSS, reducing development time and improving consistency across multiple features.
- Integrated REST and GraphQL APIs across product catalog systems and multiple client-facing applications, ensuring efficient data flow and seamless communication between frontend and backend services.
- Built and configured components, data sources, and layouts in Sitecore XM Cloud for large-scale enterprise content projects.
- Delivered dynamic pages and templates in Optimizely (Episerver) CMS environments, working closely with content and design teams.
- Designed and maintained backend job workflows using Node.js, BullMQ, and PostgreSQL — writing optimised SQL queries and managing schema changes.
- Collaborated with cross-functional teams on SEO optimisation, accessibility improvements, and website performance reviews.
- Actively participated in Agile ceremonies (sprint planning, standups, retrospectives) and conducted peer code reviews using Git branching workflows.
- Optimised frontend performance and reduced manual content effort by integrating AI-based automation for product data generation.
- Actively debugged and resolved production issues, improving application stability and reducing downtime.

Worksbot Application Private Limited

Intern | October 2021 – December 2021

- Built 'Academiz', a Django-based web app that fetches and displays academic records for students.
- Developed an online polling application with real-time result visualisation; admins create polls, users vote and see live percentage breakdowns.
- Implemented a Speech Recognition + Google Translation API pipeline to convert spoken language to translated text using Python.
- Gained hands-on experience with Git version control in a collaborative team environment.

EDUCATION

Degree	Institution	Score	Year
B.E. Computer Science	Anna University, Tamil Nadu	75%	2022
Senior Secondary (Class XII)	KKMHSS Vandithavalam, Kerala State Board	83%	2018

CERTIFICATIONS & ACHIEVEMENTS

- Certified in Claude with the Anthropic API — demonstrates hands-on AI integration knowledge aligned with production experience using Together AI.
- "A" Certification, National Cadet Corps (NCC); served as Commanding Leader (2014–2015).
